GREETINGS

Dear Friends: It seems the love of flowers make us all friends, and many of these lists will go to those who have walked in my garden with me, saw and loved the beautiful flowers which grow here. These are pleasant memories.

My bulbs were all safely harvested before the early cold wave which did so much damage last November. Now they are all in the basement ready for your order, or if you live near and want to see how they are cared for, we would be glad to show you our storage room and put up your order while you wait.

My health is much better and I am looking forward to another summer of growing gladiolus, hoping to see many of you when they are in bloom.

With best wishes to all of you,

Sincerely,

MRS. GEORGE KINYON.
